Decontamination

## MECHANICAL FINISHES

---

Media Blasting  
Polishing  
Buffing & Mirror Polish

## STANDARD COATINGS

---

### Aluminum

Acid / Caustic Etch  
Chromate/Iridite - MIL-DTL-5541, RoHS compliant  
Trivalent/RoHS - MIL-DTL-5541  
Anodize - MIL-8625-E, Type II Standard, Type III Hardcoat, Colors & PTFE  
Anodic Coats with Teflon Impregnation  
Electropolishing - ASTM B912

### Stainless Steel & Titanium

Acid Etch  
Deoxidize  
Electropolishing – ASTM B912,300 & 400 Series  
Passivating ASTM 967-96

### Steel, Copper & Brass

Sulfamate Nickel – MIL-P-247418  
Bright Nickel -QQ-N-290 Class 1  
Electropolish – ASTM B-912  
Electroless Nickel – MIL- C-26074  
Black Oxide – MIL-C-13924B  
Zinc – QQ-Z-325B Type I, II, III – RoHS Compliant

## ENGINEERING SERVICES

---

Project Management - Coating - Finish - Process

## SPECIALTY PROCESSES
